RDX Series™

Designed for heavy-duty, everyday use.

Improving efficiency, productivity and customer satisfaction are leading reasons why property management teams, real estate agents and developers use Motorola business two-way radios. Convenient, economical and easy to use – they're the key to enhancing owner and tenant satisfaction.

Instant communication in Property Management means:

- Instant updates of grounds and building operations
- Reduced operational costs
- Quick coordination and response to emergencies
- Better repair coordination
- Seamless management of support staff
- Enhanced safety and security
- Immediate employee location
- Increased overall service and satisfaction
- Reduced monthly operating costs

- NO CONTRACTS
- NO MONTHLY FEES
- NO PER-CALL CHARGES
- NO INFRASTRUCTURE REQUIRED

Property Management Challenges	Two-way Radio Solutions
Increased competition and fluctuating market demand.	RDX Series radios are affordable and easy to use, with no per-call charges and no monthly fees.
Ensuring safety and security.	Security personnel can respond to potential emergency situations or vandalism in less time.
Improving employee efficiency.	RDX Series radios enhance communication helping make workers more productive and accountable.
Providing excellent customer service.	Building managers, maintenance, groundskeepers and security can respond faster to tenant needs or emergencies.
Managing an on-site mobile workforce.	Property managers can instantly communicate with agents and supervisors for service, enabling greater staff mobility.

Rugged and Water Resistant

Durable metal diecast chassis helps radios hold up under demanding conditions.

Power and Coverage*

2 Watt RDX Series radios provide coverage of up to 250,000 square feet, 20 floors – 4/5 Watt models cover up to 350,000 square feet, 30 floors.

Flexible Battery Life Solutions**

2 Watt radios feature the standard Li-ion battery (up to 12 hours of life per charge) . 4/5 Watt radios feature the ultra high capacity battery (up to 18.5 hours per charge) . An alkaline battery kit is available as an optional accessory (up to 26 hours per charge) .

Accessories

Motorola offers a full complement of accessories for customizing radios to suit user needs.

A Motorola business two-way radio can pay for itself in less than 2 months.

If each worker saves 5 minutes per hour, watch your savings multiply...

Hourly rate including benefits	Each radio pays for itself in...	Annual savings for 10 workers
\$12 per hour	24 days	\$21,000
\$18 per hour	12 days	\$42,000

Based on calculations using MSRP of \$189 for a two-way radio and on the hypothetical hourly wages of an employee or worker.

For more information, contact us today.

Property managers can instantly communicate with agents and supervisors for service, enabling greater staff mobility.

MOTOROLA MEANS BUSINESS

With 75 years of innovation and engineering expertise, it's no wonder that Motorola is a world leader in providing small business on-site, two-way radio communication solutions.

*Coverage will vary based on terrain, conditions and radio model.
**Battery save feature must be activated for optimal battery life.
